

Chapter 8 : Economic and Occupations

Q.1. Give it a try. (Textbook page 52)

(1) Which country's national income was highest in 2016 and how much was it?

Answer:

USA's national income was the highest in 2016. It was about **1900 million US \$**.

(2) Comparing India and Brazil, which country had a higher national income in 1980?

Answer:

Brazil had a higher national income than India in 1980.

(3) Comparing India and Brazil, which country had a higher national income in 2016?

Answer:

India had a higher national income than Brazil in 2016.

(4) Tell the difference between the GNI of Brazil and India in 2016.

Answer:

The difference between the GNI of Brazil and India in 2016 was about **50 million US \$**.

(5) Calculate the difference between the national incomes of developed and developing countries in 2016.

Answer:

The difference was about **1650 million US \$**.

Q.2. Study the following figures and answer the following questions in words/sentences:

(1) Which country has a higher percentage of population engaged in primary activities?

Answer:

India has a higher percentage of population engaged in primary activities.

(2) In which country is the contribution of the tertiary sector greater in the GDP?

Answer:

The contribution of the tertiary sector is greater in Brazil's GDP.

(3) In which country is the share of secondary activities more in the GDP?

Answer:

The share of secondary activities is more in Brazil's GDP.

(4) Can we say that Brazil is an agrarian economy like India? Give reasons.

Answer:

No, Brazil is not an agrarian economy like India.

Reasons:

- In India, **48.8%** of the population is engaged in primary activities.
- In Brazil, only **10%** of the population is engaged in primary activities.

(5) What is the contribution of secondary activities in Brazil's GDP?

Answer:

The contribution of secondary activities in Brazil's GDP is **27.5%**.

Q.3. Answer the following questions:

(1) Identify the industries with which the logos shown in the figure are associated.

Answer:

1. ONGC – Oil and Natural Gas Industry
2. RINL – Steel Industry
3. Aarey – Dairy Industry
4. CLW – Railway Locomotive Industry
5. MAIDC – Agro-based Industry
6. KVIC – Khadi and Village Industries
7. Central Silk Board – Silk/Textile Industry
8. RCF – Fertilizer Industry

(2) Which raw material is used for these industries? Classify them accordingly.

Answer:

Agriculture-based raw materials: Milk, cotton, silk, agricultural produce.

Mineral-based raw materials: Crude oil, natural gas, iron ore, limestone.

Thus, these industries are classified as **agro-based** and **mineral-based** industries.

(3) From which part of India do they get these raw materials? Discuss and write.

Answer:

These industries obtain raw materials from different parts of India. Oil and natural gas are obtained from Assam, Gujarat and offshore Mumbai; iron ore from Odisha, Chhattisgarh and Karnataka; milk from dairy regions of Maharashtra and Gujarat; cotton from Maharashtra and Gujarat; silk from Karnataka and neighbouring states; and agricultural produce from various farming regions across the country.

Q.4. Make friends with maps! (Textbook page 54)

(1) In which part of Brazil is coffee mainly produced?

Answer:

Coffee is mainly produced in the **South-Eastern Coastal Region** of Brazil.

(2) Which food crops are mainly grown in Brazil?

Answer:

Rice and **Corn (Maize)** are the main food crops grown in Brazil.

(3) Can you relate the production of these crops with the climate there?

Answer:

Yes. Crops like rice and cocoa require a **hot and humid climate with heavy rainfall**. Hence, they are mainly grown in the coastal and tropical regions of Brazil.

(4) Where are the rubber plantations concentrated?

Answer:

Rubber plantations are concentrated in the **Amazon River Basin**.

(5) Complete the following table.

Types of Crops	Crops	Areas of Production
Food Crops	Rice	Brazilian Highlands
	Corn (Maize)	Central Brazil
Cash Crops	Coffee	South-Eastern Coastal Region
	Cocoa	South-Eastern Coastal Region

	Rubber	Amazon River Basin
	Sugarcane	North-Eastern Brazil
Fruits and Vegetables	Bananas	Brazilian Highlands
	Pineapples	South-Eastern Coastal Region

(6) Prepare a table of mining products and regions of production in Brazil.

Sr. No.	Mining Products	Regions of Production
1	Manganese	Amazon River Basin
2	Bauxite	North-Eastern Brazil
3	Iron Ore	Central Brazil
4	Coal	Southernmost Brazil

Q.5. Let's recall! (Textbook page 58)

• Study the following table and answer the following questions in words/sentences :

(1) What is balance of trade?

Answer:

Balance of trade is the **difference between the value of exports and imports** of a country.

(2) Tell the types of balance of trade.

Answer:

1. Balanced Balance of Trade
2. Unbalanced Balance of Trade

(3) In which country do exports exceed imports in all the years?

Answer:

In **Brazil**, exports exceed imports in all the years.

(4) Brazil's balance of trade belongs to which type?

Answer:

Brazil has a **Surplus Balance of Trade**.

(5) India's balance of trade belongs to which type?

Answer:

India has a **Deficit Balance of Trade**.

Q.6. Colours of Both (Textbook page 58)

• Study the following figure and answer the following questions in words/sentences :

(1) What does BRICS stand for?

Answer:

BRICS stands for **Brazil, Russia, India, China and South Africa**.

(2) When was it established?

Answer:

It was established in **June 2006**.

(3) What are the objectives of this bloc?

Answer:

The main objectives of BRICS are **mutual economic cooperation, increasing trade among member countries, and promoting development and cooperation.**

(4) The countries of which continents are not members of this bloc?

Answer:

The countries of **North America, Europe, Australia and Antarctica** are not members of this bloc.

(5) In which continents do the member countries lie?

Answer:

The member countries lie in the continents of **South America, Asia and Africa.**

Q.7. Colours of Both (Textbook page 59)

(1) In which year did the value of exports to Brazil exceed the imports from Brazil?

Answer:

The value of exports to Brazil exceeded imports from Brazil in **2008, 2010, 2011, 2013, 2014 and 2015.**

(2) In which year was the trade with Brazil most favourable?

Answer:

The trade with Brazil was most favourable in **2013.**

(3) Comment upon the Balance of Trade in the year 2013.

Answer:

In **2013**, India's balance of trade with Brazil was the **highest (maximum trade surplus).**

(4) From which year did the value of exports to Brazil exceed the value of imports from Brazil?

Answer:

From **2013** onwards.

(5) Write a note on the trade between Brazil and India.

Answer:

Since **2013**, India's exports to Brazil have exceeded its imports from Brazil. However, after **2014**, the total trade shows a declining trend.

Q.8. Try this (Textbook page 52)

Sr. No.	Sector	Brazil	India
1	Banking	Private and public both	Private and public both
2	Railways	Private and public both	Largely public
3	Airways	Private and public both	Private and public both
4	Electricity production	Largely public	Largely public
5	Iron and steel industry	Largely public	Largely public
6	Health	Private and public both	Private and public both
7	Education	Largely public, little private	Private and public both
8	Telecommunication	Private and public both	Private and public both

Q.9. Let's Recall (Textbook page 52)

• Classify the following activities by ticking (✓) in the respective column in the following table : Ans.

Sr. No.	Activities	Primary	Secondary	Tertiary
1	Television broadcasting			✓
2	Bee-keeping	✓		
3	Coir and rope making		✓	
4	Jaggery-making		✓	
5	Producing blades of plough		✓	
6	Construction		✓	
7	Extracting iron ore	✓		
8	Automobile production		✓	
9	Rice production	✓		
10	Teaching			✓
11	Driving bus			✓
12	Providing lodging and boarding facilities			✓

Q.10. Show the following on the given outline map of India.

Give Index.

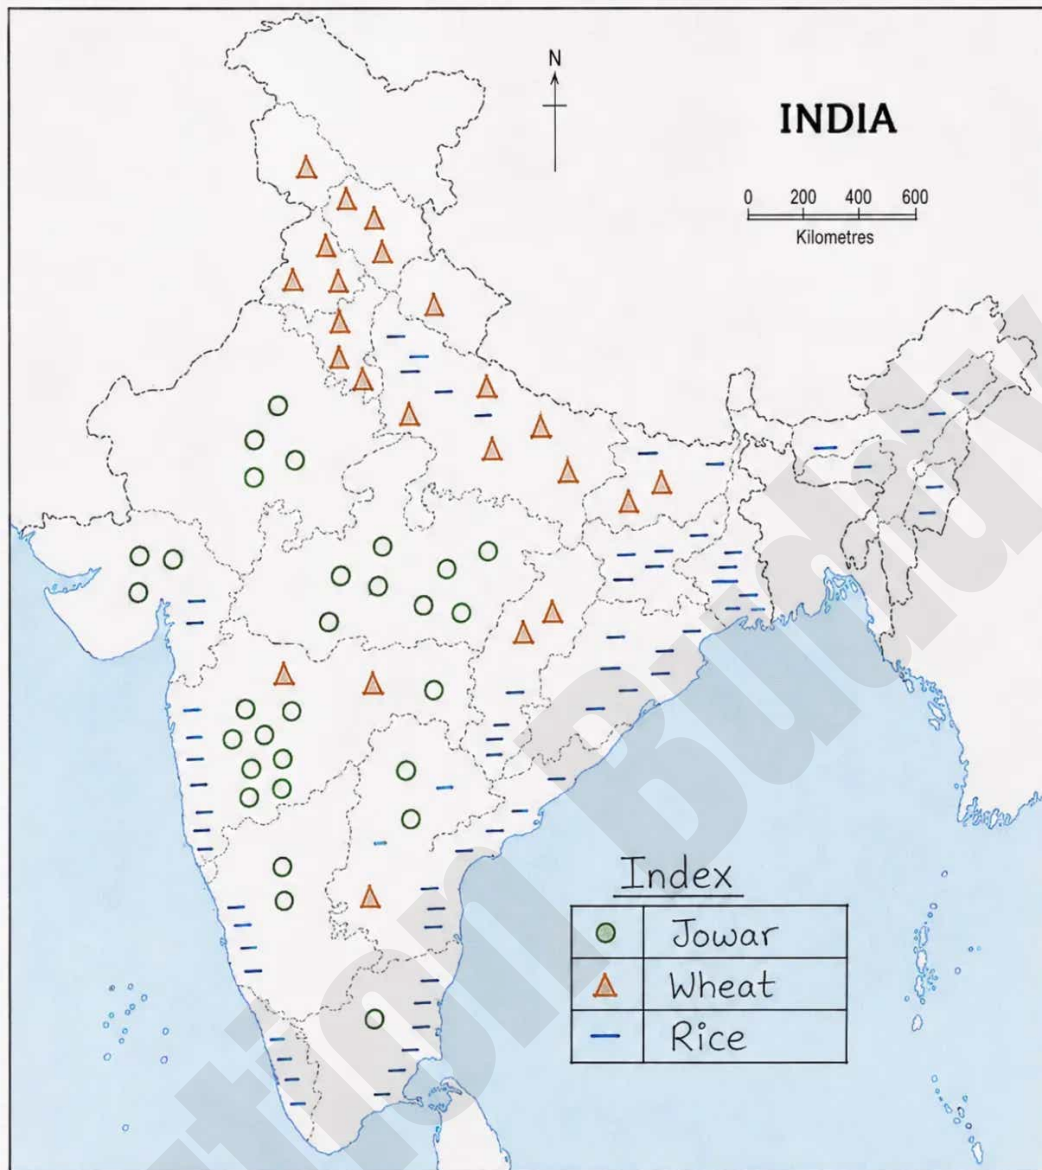

(1) Try this

• Show the producing areas of the following crops in the outline map of India with index:

[A]: (1)Jowar (2)Wheat (3)Rice

Answer:

graph

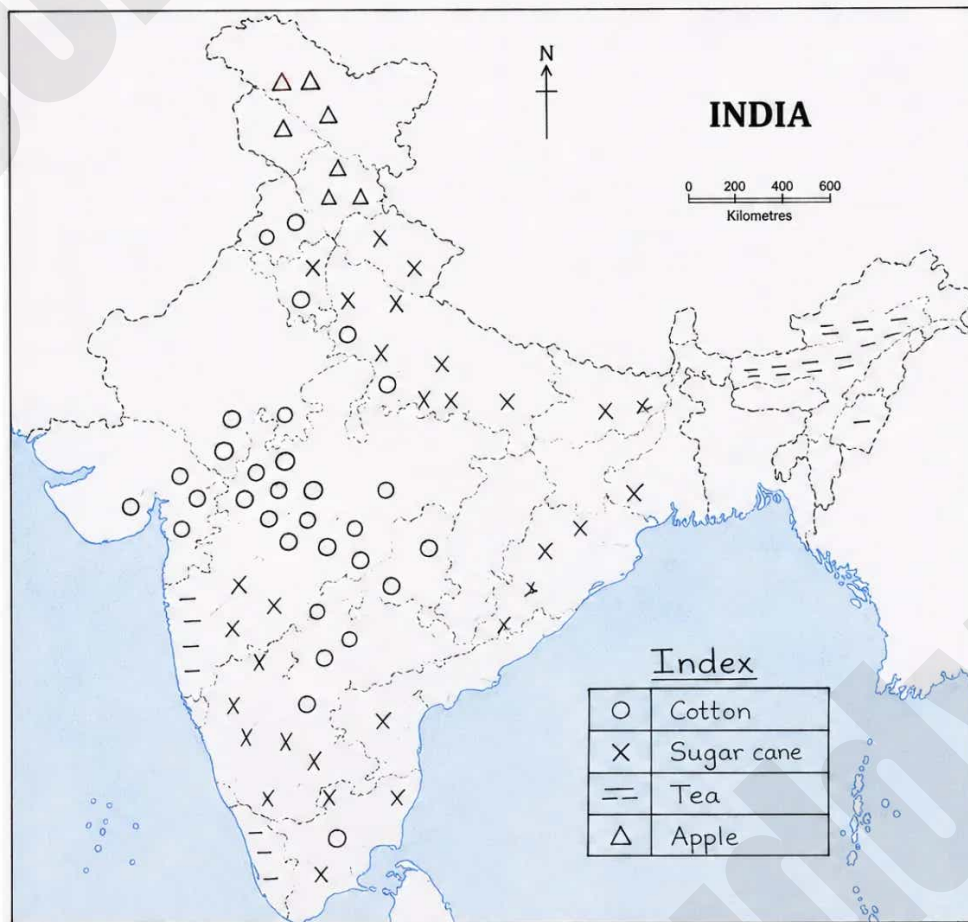

[B]: (1)Cotton (2)Sugarcane (3)Tea (4)Apple

Answer:

graph

Add Graph Here

(2) Mark the areas where the following minerals are found in India. Give index :

(1)Manganese (2) Bauxite (3) Iron Ore (4) Coal

Answer:

graph

Add Graph Here

BRAZIL

Index

-  Manganese
-  Bauxite
-  Iron ore
-  Coal
