

Chapter 9 : Tourism, Transport and Communication

Q.1. Study the following figure and answer the following questions in words/sentences:

1. Which country attracted more international tourists in the year 1995?

Ans. India attracted more international tourists in 1995.

2. In which country did more international tourists arrive in the year 2000?

Ans. Brazil.

3. In which year can an increase be seen in the number of international tourists in India?

Ans. From the year 2010 onwards.

4. What was the number of international tourists in the year 2015 in both the countries?

What was the difference between them?

Ans. Brazil – 50 lakh tourists; India – 130 lakh tourists. The difference was **80 lakh tourists**.

5. What could be the reason for the increase in tourists in India after the year 2010?

Ans. Better transport and communication facilities, improved tourism infrastructure, and effective promotion of tourism.

Q.2. Can you tell? (Textbook Page 61)

•Study the following figure and answer the following questions in words/sentences :

1. What type of graph is shown here?

Ans. Bar graph.

2. What does the graph show?

Ans. The graph shows the percentage of population engaged in tourism and the contribution of tourism to GDP in Brazil and India (2016).

3. Which country's tourism has a larger share in the contribution towards GDP?

Ans. Brazil.

4. Which country has a larger population engaged in the tourism sector but contributes less to GDP?

Ans. India.

Q.3. Make friends with maps! (Textbook Page 63)

•Study the following map and answer the following questions in words/sentences :

1. Which means of transport are seen on the map?

Ans. Railways, roadways, waterways and airways.

2. Which means of transport has a denser network?

Ans. Roadways.

3. Which highway can be seen prominently?

Ans. Trans-Amazonian Highway.

4. What could be the reason for development of railways in the southeast?

Ans. The southeast part of Brazil is more developed, densely populated and industrialized. Hence, the railway network is well developed there.

5. In which part of Brazil do you see lesser development of transport network? What could be the reason?

Ans. The northern (Amazon Basin) part of Brazil has a lesser developed transport network due to dense forests, swampy land and sparse population.

Q.4. Make friends with maps! (Textbook Pages 64 & 65)

•Study the following maps and answer the following questions in words/sentences :

1. Which means of transport are visible on the maps?

Ans. Roadways, railways, airways and waterways.

2. In which part of India is the density of railways more?

Ans. The Northern Plains of India.

3. Name five important ports and five airports of India.

Ans.

Ports: Mumbai, Kochi, Chennai, Kolkata and Visakhapatnam.

Airports: Delhi, Mumbai, Chennai, Bengaluru and Kolkata.

4. Which parts of India have a sparse network of transport? What could be the reason?

Ans. The Himalayan region and the North-Eastern states have a sparse transport network due to mountainous terrain, dense forests, heavy rainfall and snowfall.

Q.5. Study the following figure and answer the following questions:

1. How many divisions can you see in the map?

Ans. Four divisions.

2. What do these divisions signify?

Ans. They signify the four time zones of Brazil.

3. What does the term GMT mean?

Ans. Greenwich Mean Time.

4. Which part of Brazil is ahead of others?

Ans. The eastern part of Brazil.

5. By how many minutes is this part ahead of others?

Ans. 180 minutes (3 hours).

6. What does the red line in the map show?

Ans. It shows the boundary between the time zones of Brazil.

Q.6. Make friends with maps! (Textbook page 67)

•Study the following map and answer the following questions in words/sentences :

1. Calculate the difference between the two longitudinal extremes of mainland India. Is it more than Brazil?

Ans. 29°. No, it is less than Brazil.

2. Which longitude in India is called the Indian Standard Time (IST)?

Ans. 82°30' E longitude.

3. What is the difference between this (IST) time and the GMT?

Ans. 5 hours 30 minutes ahead of GMT.

4. How many local times are there in India?

Ans. One (Indian Standard Time).

Q.7. Show the following on a given outline map of India. Give index:

(A) Roadway: Mumbai – Delhi Highway

(B) Railway: Mumbai – Mangalore

(C) Ports: (1) Chennai (2) Kandla

(D) Airports: (1) Ahmedabad (2) Pune

Answer:

graph

Q.8. Show the following on a given outline map of Brazil.

Give index:

(A) Roadway: Trans-Amazonian Highway

(B) Railway: São Paulo – Brasília

(C) Ports:

- São Luís
- Salvador

(D) Airports:

- Boa Vista
- Recife

Answer:

graph
